

Company Profile

VALVOMATIC INDUSTRIES.

A Solution provider to all kind of Industries.

Who We Are?

- **“Valvomatic Industries”** is a leading company in Manufacturing & distributor of Industrial Products for the segments like Chemicals, Pharmaceuticals, Oil & Gas, Water Treatments, Paper & Pulps, Refinery, Petro-Chemical, Power, Nuclear, Food and All kind of Process Industries.
- A Well-suited experience of Fluid Control Division & Fluid Sealing Division with Customized Engineering Products gives us an extra edge to provide you a convenient solution among other things to taper off emissions to the environment to save our mother planet Earth.
- **Our Motto** is to give an **“Immense support towards Our Customer ‘s Demands.”**

What We Do?

- **“Valvomatic Industries”** is a Well-Known Manufacturer & Supplier of Engineering Products, Metallic & Non-Metallic Valves for Isolation, Throttling & Control Purposes, Valves Automation, Pipes & Pipes fittings, Fasteners, Pumps, Bearings, All kind of Metallic along with Non-Metallic & Customized products, PTFE (CFT & GFT Molded Rods, Bushes, Sheets & Customized products as per client requirements).
- **We are located at Ahmedabad - The Heritage city of Gujarat, INDIA.** We was established in 2023 and we have been taking care of supplies of various **OEM companies**.

Product Range.

“Valvomatic Industries” having a vast range of Product Portfolio as given below.

- Isolation Valve
- Unidirectional Valve
- Control Valve
- Steam Traps
- Pneumatic Accessories
- Teflon Bushes, Rods, Sheets & Customized Products.
- Pipes & Pipes Fittings
- Bearings
- Industrial Pumps.

Isolation Valve.

“An isolation valve is a valve in a fluid handling system that stops the flow of process media to a given location, usually for maintenance or safety purposes.”

- Gate Valve
- Piston Valve
- Relief Valve
- Ball Valve
- Butterfly Valve

Unidirectional Valve.

“ The unidirectional valves allow the air flow in the only direction indicated by the arrow, and prevent it on the opposite way.”

- Knife Edge Gate Valve
- Swing Check Valve
- Wafer Check Valve
- Disc Check Valve
- Dual Plate Check Valve
- Ball Type Check Valve

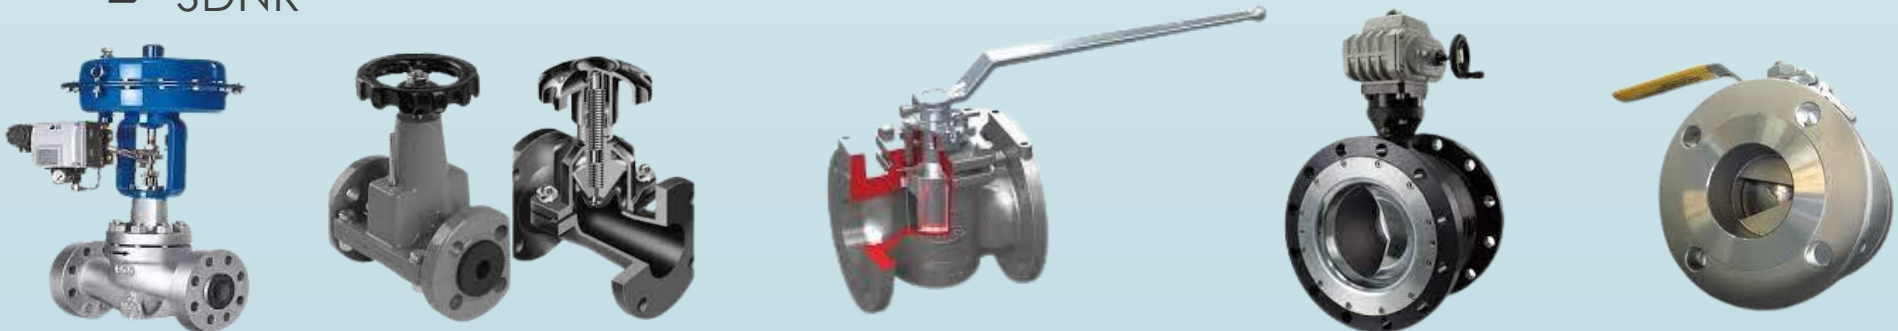

VALVOMATIC
INDUSTRIES
WE KNOW YOUR NEEDS

Control Valve.

“A control valve is a valve used to control fluid flow by varying the size of the flow passage as directed by a signal from a controller.”

- Globe Valve
- Pinch Valve
- Plug Valve
- Segmented Ball Valve
- V-Notch Ball Valve
- SDNR

Gaskets.

“A Gasket is a mechanical seal which fills the space between two or more mating surfaces generally to prevent leakage from joined objects while under compression.”

- Spiral Wound Gaskets
- Camprofile Gaskets
- DJ Gaskets
- RTJ Gaskets
- Graphite Gaskets
- Teflon Gaskets
- Rubber Gaskets

Steam Traps.

“The duty of a steam trap is to discharge condensate, air and other incondensable gases from a steam system while not permitting the escape of live steam.”

- Mechanical Steam Trap
- Thermodynamic Steam Trap
- Thermostatic Steam Trap

Pneumatic Accessories.

“They provide secure and leak-free connections between pneumatic components, such as air hoses, tubes and cylinders. Pneumatic fittings facilitate the transfer of air or gases between different parts of the system, ensuring proper flow and control.”

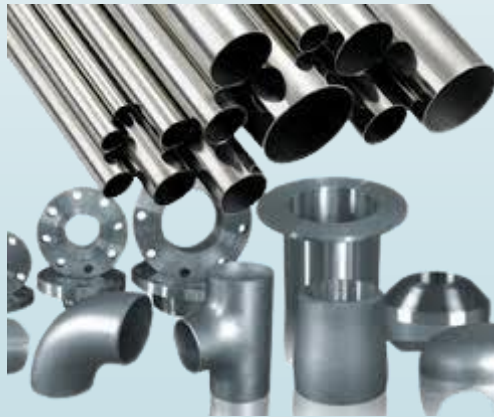

- Actuators
- Cylinders
- Hose Pipes & PU Pipes
- Solenoid Valves
- Air Filter Regulator
- Flow Regulators & Flow Control Valves.
- Pressure Gauges
- Quick Exhaust Valves
- Volume Booster.

Miscellaneous Products

- Pipe & Pipe Fittings (Metallic & Non-Metallic)
- Teflon Bushes, Rods, Sheets & Customized Products
- Bearings
- Industrial Pumps

Industry Segments

“Valvomatic Industries” is serving in all kind of Industrial Segments with commitment to environment to save our **“Mother Plant Earth”**

- Chemicals
- Pharmaceuticals
- Original Equipment Manufacturers
- Power
- Paper & Pulp
- Sugar
- Paint, Coatings, Inks and Adhesives
- Shipbuilding's
- Petrochemicals
- Dairy & Cattle Plants
- Food & Beverages
- Plastic, Polymers, Resin, Rubber and Tyres
